## **Subject: Design Change to All Prodigy Modular Models**

Effective with units manufactured 2/8/12, the partial window bezel (part number 02-4284-01) and inlet water flare adapter (part number 16-0355-00) plus the bag they were packed in were discontinued from the production of all Prodigy cubers.

Effective with units manufactured 2/9/12, the partial window bezel (part number 02-4284-01) and the bag it was in were discontinued from the production of all Prodigy flaked and nugget models.

EH222 continues to ship with the partial window bezel, on EH222 the regular bezel (part number 02-4284-01) was removed. EH222 also continues to ship with a flare union for water connection.

The bolts and straps for connection to storage bins continue to ship with the unit, they are packed in a hardware bag.

Both of the bezels and the flare adapter remain available as service parts.

Website service parts lists for current B or C series show this change.
