

SCOTSMAN MODEL CONVERSION LIST June 2018

Use this list to identify the potential current model when replacing a prior Scotsman. They are generally grouped by ice making capacity; however, some are also placed by cabinet size & type of platform.

		NME650R	615
		NM650R	615
		MH750R	611

There are many other important features to consider when selecting a replacement model. Replacement of prior modular models will sometimes require a new bin, as no current model will fit the original bin.
