

CU3030X Service Parts

This is the illustrated list of service parts for all models of the CU3030X self contained ice machines.

These machines were manufactured in several voltages, which is designated by a numeric voltage code at the end of the model number. The complete model number ends in a series code (alpha), which may also be important for changes during production. Use the complete model number to be sure of obtaining the correct replacement part.

The CU3030X has been manufactured in A, E series. Be sure to check the description to confirm that the correct part number is being ordered.

Voltage codes:

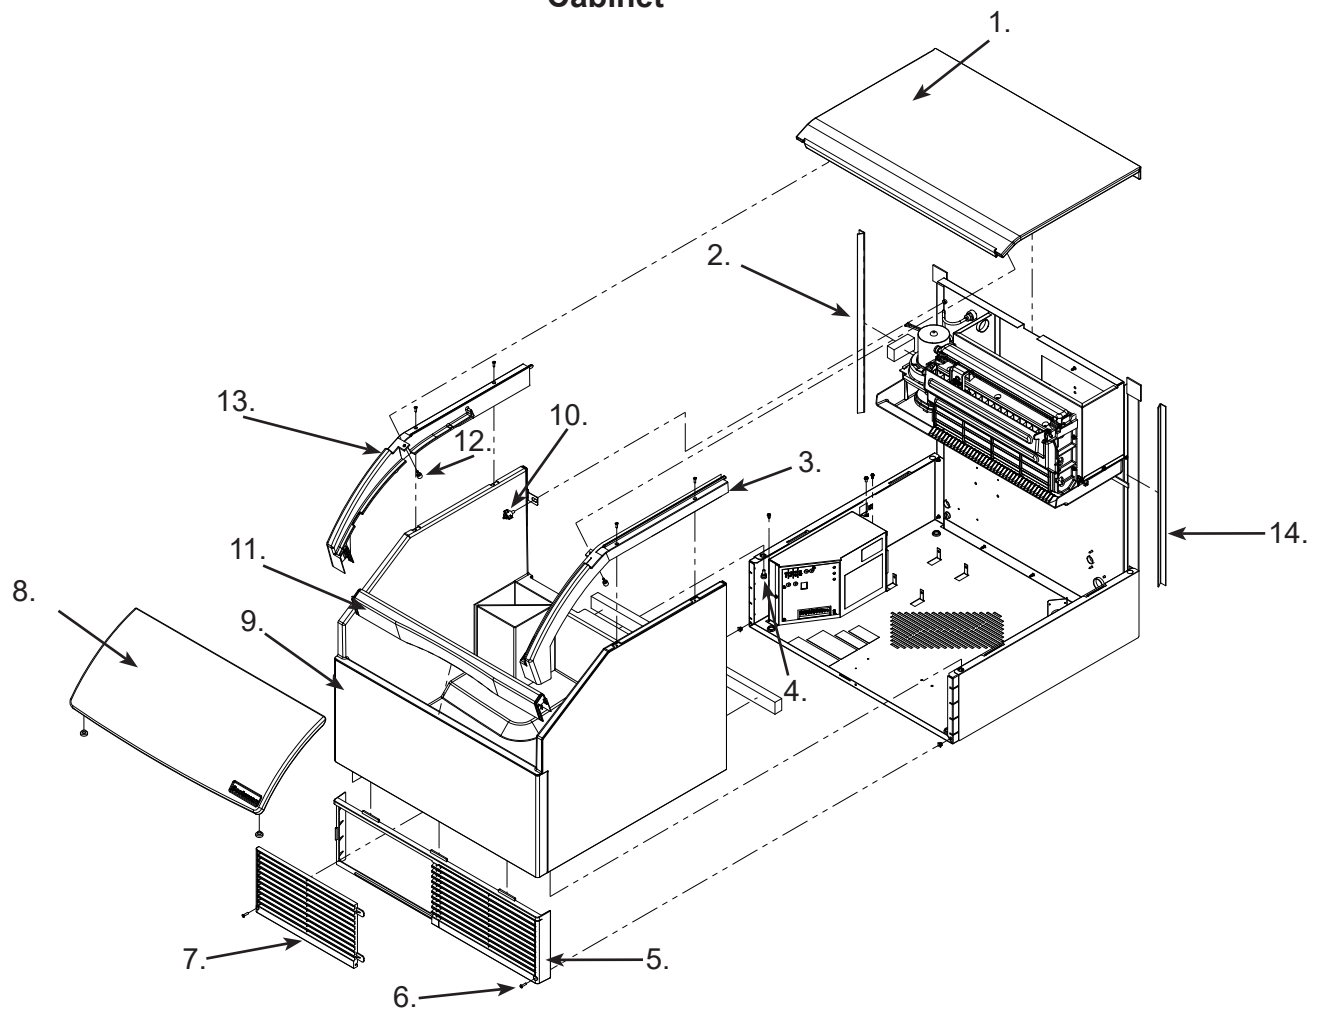

- -1 = 115 volts, 60 Hz, single phase
- -32 = 208-230 volts, 60 Hz, single phase
