

SCOTSMAN

MACHINE STANDS FOR TOUCHFREE UNITS

DMS21SB, DMS31SB

DMS21SB

For installation where counter space is not available to accommodate a nugget dispenser unit, the DMS21B and DMS31B machine stands are the solution. MDT5N25 & MDT5N40 TouchFree™ dispensers fit the DMS21B perfectly.

The DMS31B machine stand is designed specifically to be used with the MDT6N90 dispenser. The tops have an opening to allow for water, drain and electrical connections to be hidden from view. Constructed of heavy gauge metal, these sturdy machine stands have a stainless steel finish.

DMS21SB SPECIFICATIONS
